are not always free from defects either in description or in classification. Since this alphabetical list is mainly based on the card index, it should not be taken by scholars as perfect, but only as providing a workable guide to the contents of this Mss. Library. Further, the present work is designed more as a hand-list than a catalogue. It is this limitation of the scope of the work which explains the omission of bibliographic data which might be expected of a catalogue, as also the lack of such devices of obvious usefulness to scholars as the indices of Titles and Authors. We have aimed to make it a useful aid to scholars engaged in Oriental Research work and study by furnishing, though not a detail information, but a serviceable account regarding each Ms. compatible with keeping it within reasonable limits, so that those who glance at them, might easily know the general nature and scope of each work. With all its meagreness, this Alphabetical Catalogue will prove of some use to scholars.

We regret that misprints have occurred from page 297 to 300 where the serial Nos., from 8600 to 8703 have been repeated and must be corrected to as 8700 — 8803.

Besides Mss. which open up vast vistas of Research in Agamas (in Vaikhānasa, Pañca-ratra and Śaiva), Viśiṣṭadvaita, Saṅgīta and Sampradāya, there are works relating to Aśva-śāstra, Gajaśāstra, Dhanurveda and various systems of secterian Hinduism.

The catalogue was planned by Sri P. V. Ramanuja Swami, M.A. Ex-Director of the Institute and it was compiled under his able direction and supervision. It is appropriate to add that the Sanskrit section of the Mss. was compiled by Sri. K. Satagopachari, Śiromaṇi, the Telugu by Sri A. V. Srinivasachari, Telugu vidwan, and the Tamil by T. A. Krishnamachari, Siromani and Tamil vidwan We have to thank above-mentioned young and energetic Pandits for having prepared the Index-cards and the Alphabetical lists with reasonable care and expedition.

We do not find words adequately to express our sincere gratitude to Sri Anna Rao, B. A., Executive Officer, T. T. Devasthanams who has never failed in the midst of his many onerous duties to take keen interest in the progress of the work; the Executive Officer's constant encouragement was always a very strong factor in the progress made in the matter of publishing this Mss. catalogue.

We also thank Sri S. V. Bhaskar, library Sanskrit Pandit, for seeing this volume through the press.

It is contemplated to bring out a companion volume to this catalogue, containing Index of Authors and Titles and a Subject Index.

The Ms. is listed in the order of Devanagari alphabets and each entry runs into 9 columns. The following is the plan adopted in the description of each Ms. and of the nine columns in which the pages of the catalogue are divided.

In the first column the serial No. of the Ms. is given.

In the second column and in the third column, the name of the work in Devanagari characters (in the case of Sanskrit works), Telugu characters in case of Telugu works, Tamil characters in case of Tamil works) with its transliteration in English are given. Here constant repetitions have been avoided by means of 'Do'

The commentaries, if endowed with a special name, have been mentioned.

In the fourth column, author's name is given wherever it is ascertainable.

The fifth column has been reserved for the subject under which the work is classified. The character or script in which the Ms. is written is noted in the sixth column.

The 7th column gives the extent of the Ms., Viz. whether complete or incomplete. The eighth column gives the stock No. of the Mss. as they appear in the library stock Register. When one stock No. contains more than one work or works, the different works are marked with the letters of the alphabet, (a), (b), (c) etc.

In the remarks column, the name of important Mss. libraries in South India where the Ms. is available are noticed by abbreviations. Only those South Indian Mss. libraries are noticed for which printed catalogues are available. The arrow mark against an entry indicates that the work has not been noticed in Aufrecht's Catalogus Catalogorum. If there is an asteric mark * against the work and if there is no entry of a library after it, it shows that the work is found only in S. V. O. I. library and not available in any other library in South India.

In compiling this catalogue, Index cards were prepared with the Accession No. and brief description and classification under different subjects. These Index-cards cannot be considered entirely satisfactory when viewed from the exacting standard of a cataloguer, since they

INTRODUCTION.

Sri Venkateswara Oriental Institute presents its collection of Mss. in Sanskrit, Telugu and Tamil to the Oriental scholars for the first time. The collection is unique and important in many respects. Sri Venkateswara Oriental Institute was founded by the Board of Trustees of Tirumala-Tirupati Devasthanam in June, 1939. The object of the Management in establishing the Oriental Institute and the library was to collect rare and valuable Mss. of ancient works from all parts of the State, to conserve them and to edit and publish such of them as would be of interest to Oriental scholars.

The library aims at and takes all possible care for the safe conservation of valuable Mss. in the library. Fresh Mss. are being added year after year. The total number of Mss. stands, at present, at 10672. Of these 8952 are relating to Sanskrit works; 539 deals with Telugu works, and 1181 are works relating to Tamil literature. In the Sanskrit section, the collection as it stands, is fairly representative of the various branches of Sanskrit literature. The Mss. are either of palm-leaf or of paper. The palm-leaf Mss. are written chiefly in South Indian scripts, chiefly in Grantha, Telugu, Malayalam, Tamil; *Nandi Nāgari* and Kannada used in a few Manuscripts. Most of the paper Mss. are in Devanagari scripts and a few written in Grantha and Telugu scripts. The oldest of the Manuscripts in the library may belong to the 15th or 16th century A. D.

The catalogue has been divided into three parts. The first part dealing with Sanskrit works, the second with Telugu and the third with Tamil. The Mss. are classified under the following heads.

1. Advaita Vedānta
2. Artha-śāstra
3. Alaṅkāra
4. Āgama
5. Āyurveda, Vaidya
6. Itihāsa

It would not, we think, be regarded out of place, if we give some idea regarding the section of printed books of this library. This section serves as an up-to-date library of reference books for scholars and students engaged in the study of Oriental subjects bearing on Indology, History, Philosophy and Religion, Comparative Philology, Epigraphy, Archeology etc. in original research. It contains about 21700 printed books in Sanskrit, Telugu, Tamil, English, Kannada, French, Pali, Chineese-Tripitaka, besides Journals and printed Mss. catalogues of almost all Mss. libraries.

Any suggestion for the improvements of the other parts will be gratefully received. With these short remarks, this part of the catalogue is now placed before the scholarly world.
